1 time	- Rikuzentakata City, Iwate Prefecture	- Head Office Teiseki Drilling Co., Ltd., (*)	25	- Removing mud from drains in Hirota fishing port.

(*)INPEX subsidiary companies

As one of the supporting activities INPEX has supplied emergency relief supplies and petroleum products soon after the Great East Japan Earthquake occurred. In addition to the above activities, INPEX has supported employees of INPEX group who volunteer to participate in assisting with recovery work since June 2011. Consequently an aggregate 331 employees joined it. Various supporting activities to re-establish added to recovery work such as removing debris are considered to be necessary to the afflicted area.

Therefore, INPEX will continue to assist recovery activities aligned with the needs of the afflicted area with hoping for the earliest recovery of it.
