

5 April 2011

**The Great East Japan Earthquake**  
**(the fourth report)- INPEX Chiba District Office**

INPEX CORPORATION confirmed that its Chiba District Office has returned to normal natural gas production operations since April 3<sup>rd</sup>, 2011 after the completion of repair work of minor damage found in the production facility of natural gas dissolved water.

We would like to express our deepest sympathy and condolences to those affected by the recent devastating earthquake in Japan, and our sincere wish for a safe and smooth recovery.
