INPEX Recognized as Outstanding Health & Productivity Management Enterprise for 2020 by Japan's Ministry of Economy, Trade and Industry (METI) and Tokyo Stock Exchange (TSE)

Tokyo, Japan - [INPEX CORPORATION](https://www.inpex.com) (INPEX) announced today that it was recognized for the first time as an outstanding enterprise in the Health & Productivity Stock Selection Program's mining industry category by Japan's Ministry of Economy, Trade and Industry (METI) and the Tokyo Stock Exchange (TSE).

INPEX was also included for the second consecutive year in the large enterprise category of the Certified Health & Productivity Management Outstanding Organizations Recognition Program (White 500) by METI and the Nippon Kenko Kaigi, an organization promoting public health.

The Health & Productivity Stock Selection Program, which certifies TSE-listed enterprises that strategically implement health and productivity management practices at a particularly outstanding level, was jointly initiated in 2015 by METI and TSE as part of the Japan revitalization strategy.

The large enterprise category of the Certified Health & Productivity Management Outstanding Organizations Recognition Program (White 500), which certifies listed and non-listed large-scale enterprises that demonstrate outstanding health and productivity management practices, was jointly initiated in 2017 by METI and the Nippon Kenko Kaigi.

The INPEX Group formulated the INPEX Group Health Statement in 2018 and implements health management through initiatives such as regular meetings of the health management implementation committee involving INPEX and its labor and health insurance unions.

INPEX will continue to implement health management practices designed to maintain and improve the physical and emotional health and well-being of all its employees so they may energetically work to their full potential.
