**INPEX has been selected for the global SRI Index**  
**“Climate Disclosure Leadership Index (CDLI)” by CDP**

INPEX CORPORATION (INPEX) is pleased to announce that INPEX has been selected for “Climate Disclosure Leadership Index (CDLI)” as a company superior to disclosure of climate change information.

At the request of 722 investors representing \$87 trillion, CDP, which is the international NPO, researches questionnaire on greenhouse gas emissions, the risks and opportunities associated with climate change of 5000 companies in the world including Japanese 500 major companies (Japan 500). Based on analyzing answers, CDP selects “Climate Disclosure Leadership Index (CDLI)” as a company superior to disclosure of climate change information.

(URL: <https://www.cdproject.net/en-US/Pages/HomePage.aspx>)

INPEX has been selected one of the CDLI members out of 24 companies in Japan 500. We understand that our approach to disclose climate change information is highly evaluated.

INPEX, as a global company, continues to contribute to making the community more livable and prosperous through a stable and efficient supply of energy, and to disclose information appropriately.

### **About CDP**

CDP, formerly known as the Carbon Disclosure Project is an international, not-for-profit organization providing the only global system for companies and cities to measure, disclose, manage and share vital environmental information. CDP works with market forces, including 722 institutional investors with assets of US\$87 trillion, to motivate companies to disclose their impacts on the environment and natural resources and take action to reduce them. CDP now holds the largest collection globally of primary climate change; water and forest risk commodities information and puts these insights at the heart of strategic business, investment and policy decisions.
